Laurie Emery	Jess Small
Kathy Weymouth	Lee Cheever

Thanks!

Summer Tail Rubbing

Finally this is almost a thing of the past in our barn. Besides general cleaning and brushing which never quite solved the problem, we have added daily, almost microscopic inspections of the tail dock (especially the lower half) for ticks. We are removing at least one tick per day from each horse that spends time in the pasture, and when tail rubbing does occur, usually we have missed one of those nasty bugs. Of course, there is always that recreational tail rubber who cannot be discouraged, but we have seen big improvements since militant tick inspections began.

Success at the Spring Classic Show

The AHAME Spring Classic Show held May 31-June 1 at the Skowhegan Fairgrounds was a little soggy on the first day, but fun, and pretty well attended. Attendance was down slightly, but compared to other shows who are experiencing severe effects of gas prices on show attendance, the Spring Classic fared well. Here are some of the results for AHAME members and their horses who were there. We are trying to get complete results posted on our website, but in the meantime, you can contact Lee Cheever to have results emailed to you.

Horse, Colts & Fillies, 2 Yrs & Under

- 3-MVA Kahlua 'n Cream (Harold Small)
- 4-Matinicus Rock RCA (Lisa Kelly)

Half-Arabian Halter

- 1-Diamond By Design (Robyn Moody)

Riding at Hollis Equestrian Park

The Hollis Equestrian Park, Hollis Center ME, is the site of the Dunegrass Horse Show, The Pine Tree Sizzler and many other shows, rides and events throughout the year. Basically a place to unload horses, park and with a big sand riding ring, this site hooks into the Massabesic Forest Trail, part of the US Forest Service. Did you know that you can join the Association and use the facilities to either school your horses or access the trail system whenever there is not a scheduled event?? This is an amazing resource for only \$18 per year! Check out their website FMI.
